About me

A creative and detail-oriented UI/UX Designer and expertise in designing user-centric digital experiences. Skilled in wireframing, prototyping, responsive website design, and graphic design. Passionate about solving business problems through intuitive interfaces and modern design principles while delivering high-quality solutions.

Experience

Purani Trade Center

Network & System Administrator

1 Year

- Managed Windows server's user accounts, printers, and network devices to ensure smooth daily operations.
- Configured and maintained LAN/WAN networks, routers, switches, and basic firewall settings.
- Installed, configured, and troubleshoot hardware, software, operating systems, and peripheral devices.
- Monitored network performance, resolved connectivity issues, and provided technical support to end users.
- Performed system maintenance, data backup, software updates, and security checks to maintain reliable IT infrastructure.

Vebaura Pixel Studio

UI/UX Designer & Graphic Designer

6 Months

- Designed intuitive and user-friendly web and mobile interfaces using Figma, focusing on usability, accessibility, and responsive design.
- Created wireframes, user flows, interactive prototypes, and high-fidelity UI designs based on user and business requirements.
- Developed creative branding materials, social media posts, marketing banners, logos, and promotional graphics using industry-standard design tools.
- Collaborated with developers to ensure accurate implementation of UI designs while maintaining design consistency and quality.
- Delivered end-to-end design solutions for client projects, improving user experience, visual identity, and overall customer engagement.

Project

- Vebaura Corporate Website
